A YEAR IN REVIEW

*"For the Lord is good and his love endures forever;
his faithfulness continues through all generations."*

Psalm 100:5

ANNUAL REPORT

2018

Our Mission

To challenge despair, love boldly, and create a future of sustainable prosperity and health.

Our Projects

Katakwi Rotary Malaria Project

In 2018, over 50,000 people in the Katakwi District of northeastern Uganda were impacted through the efforts of the Katakwi Rotary Malaria Project. The prevalence of malaria dropped 84% in the sub county that received the full set of malaria interventions, a huge relief of disease burden for this rural population and a possible template for scale-up!

Beacon of Hope School

Beacon of Hope Secondary School in Soroti employed 28 teachers who provide quality STEM education to 677 students. This year, the school was also able to admit 31 new sponsored students and open a robotics lab and library. These new amenities are equipping students with the skills to address the current job market demands.

Beacon Medical Center

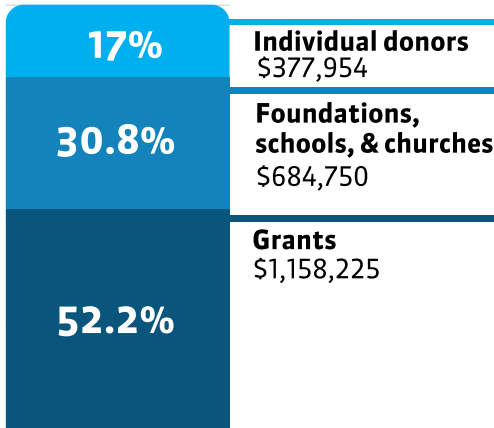

Beacon Medical Center has 6 staff members who diligently serve the students and staff of Beacon of Hope, as well as the surrounding community. In 2018, 6,075 patients were treated, 3,149 of whom were Beacon of Hope students, and 687 malaria cases were confirmed and treated, furthering our goal of alleviating the malaria burden in north east Uganda.
